Produktdeklaration - DGNB Neubauversion Büro- und Verwaltungsgebäude (NBV15)

MANUFACTURER Ramsauer GmbH & Co KG

PRODUCT NAME Polyurethane foams

Product Rating DGNB Criteria

• The product meets the requirements of quality level 1 to 2 and contributes to achieve 50 (of max. 100 achievable) checklist points according to criterion 'ENV1.2 Local Environmental Impact'.

Criterion ENV 1.2 I	Risks for the Local Environment - Ecological Quality	
Quality Level 1	10 Checklist Points	\checkmark
Quality Level 2	50 Checklist Points	\checkmark
Quality Level 3	75 Checklist Points	×
Quality Level 4	100 Checklist Point	×
Criterion ENV 1.3.	1 Sustainable Resources - Ecological Quality*	
Quality Level 1	10 Checklist Points	O

Quality Level 3 100 Checklist Points

Product Characteristics

Quality Level 2

Product names: Unviersal Adapter Schaum 801, Universal Pistolenschaum 811, Brandschutz Schaum 806, Winter Schaum 818, Volumen Schaum 819, 2-K-Fix 840, Dämmschaum 850. High-performance foams for a variety of special applications and application areas. Detailed information please refer to the technical data sheets.

50 Checklist Points

- Credit requirements fulfilled the action level is achieved
- Credit is not applicable to this product
- X% of the product comply with the credit requirement
- Required data not specified for required data contact manufacturer
- X Credit requirements are not fulfilled

About DGNB Products - www.dgnb.de

This declaration helps to assess products easily according the certification system DGNB® Neubauversion Büro- und Verwaltungsgebäude (NBV15). Products are not reviewed or certified by DGNB. DGNB credit requirements cover the performance of materials in aggregate, not the performance of individual products or brands. Therefore the project team or the manufacturer is responsible to declare the compliance with the project requirements to achieve DGNB points.

Above you find an explanation of the symbols. Detailed information are on the next pages.

Notice: This declaration is a product of HOINKA GmbH. This data sheet is published in the online database greenbuildingproducts.eu. The data sheet is only valid as DGNB evidence in conjunction with the manufacturer's declarations and product certificates that prove the information given in this declaration. This declaration is no official certificate in terms of DGNB. The contents are based on manufacturer specifications. In spite of a diligent treatment of all information HOINKA GmbH cannot guarantee the actuality or correctness of the published data. The he DGNB returns can differ and depend on the project and the scope of application. In spite of a diligent treatment of all information HOINKA GmbH cannot guarantee the correctness of evaluation in terms of the DGNB requirements. The user of this declaration, the consumer of the product and the consultant/planner, who is advising this product in any construction projects, is responsible by himself to proof all data published in this document and to verify the permissibility for the designated application. The content of this data sheet does not manifest any legal relationship. With the publication of a new edition, this declaration can no longer be considered to be valid. The latest version is available in the internet. HOINKA GmbH • greenbuildingproducts.eu • Lembergweg 7/1 • 71067 Sindelfingen • Tel. +49 7031 7659-444 • Fax +49 7031 7659-443 • www.greenbuildingproducts.eu • contact@greenbuildingproducts.eu • Geschäftsführer: Dipl.-Ing. Thomas Hoinka

^{*} This criterion is only applicable to wooden materials.

MANUFACTURER Ramsauer GmbH & Co KG

PRODUCT NAME Polyurethane foams

Product assessment for criteria ENV1.2 - Local environmental impact

The product fulfills the requirements for Quality Level 1-2

Assessment: Quality Level 2

Goals and Relevance

Certain materials, construction products and preparations are a risk for soil, air, groundwater and surface water as well as for human's health, flora and fauna. In order to minimize risks for humans and the local environment, materials, (construction) products and preparations need to be reduced ,avoided or substituted, which due to their material properties or ingredients are a risk for surface and ground water, soil or air. Especially those materials, (construction) products and preparations must be reduced ,avoided or replaced, which affect human health, flora and fauna or harm within a short-, medium / or long-term period . This affects the entire life cycle - from production, processing at site, use of (building) inventory and disposal (dismantling, recycling, landfilling). These local risks are assessed material and product related. Hence eco-and human toxicological impact categories of LCA can not be applied due to lack of evaluation and measurement procedures.

Product Assessment

	Relevant Products	Requir	ements of Quality Levels	Assessment of Product	Evaluation
38	Mounting foams Subject: Mounting foams eg for the installation of doors AND windows	Quality Level 1	Free of halogenated blowing agents	The product is free of halogenated Quality	
		Quality Level 2	Free of halogenated blowing agents		Quality Level 2
		Quality Level 3	Free of blowing agents	foaming agents	,
		Quality Level 4	Free of blowing agents
